Member for <Electorate>

Dear Mr/Ms <MP Surname>,

Request for meeting to discuss health care funding

I am writing to request a meeting to seek your support for including funding for Parkinson's Specialist Nurses in your election policy for 2027.

I represent <name of Parkinson's NSW Support Group>. I have Parkinson's disease and I have lived in your electorate for <number> years.

Research commissioned by Parkinson's NSW and conducted by Charles Sturt University shows that Parkinson's Specialist Nurses based in communities like ours improve quality of life while also enabling significant savings in the NSW Health budget.

At our meeting I would like to share my experience of living with Parkinson's and suggest that you support a policy of funding Parkinson's Neurological Nurses at a cost of $1.5 million per year with a 10-year commitment.

I can be contacted on <insert telephone number> or via email at <insert email address>.

Sincerely,
